

MOOSE RUN APP & TOURNAMENT e-SCORING INSTRUCTIONS

- A. Each team must **DESIGNATE A TEAM CAPTAIN WHO WILL BE IN CHARGE OF ENTERING THE TEAM SCORE** for each hole (before teeing off at the next Tee Box) *using a cell phone.*
- B. The **CAPTAIN must download the FREE Moose Run APP on the cell phone to keep Score.** PLEASE do this at home before you come to the course. We can show anyone, who has it downloaded, how to use it in 30 seconds.
- C. Captains need to **BRING A USB CORD to charge their phone by plugging into the USB PORT on the golf cart.** YOU DON'T WANT YOUR SCORECARD (Phone) TO DIE during your team's tournament round. At any time, the CAPTAIN can designate a team member to keep score if an issue develops with the captain's phone. ONLY ONE (1) PLAYER CAN KEEP SCORE at a time.
- D. To Score on the APP, the CAPTAIN will click on the Moose Run App. Next, CLICK ON THE NAME OF THE TOURNAMENT in the bar near the top of the screen. (if a different tournament name appears, click on new round at the top). The CAPTAIN then clicks on his/her name and begins scoring for the team starting at the corresponding starting Hole. It is that Easy!
- E. **The Scorecard / GPS Button at the top left IS NOT TO BE USED FOR SCORING THE TOURNAMENT. THAT IS FOR A PERSONAL SCORECARD ONLY!!!** The CAPTAIN can read the GPS yardages without using the GPS button as he or she moves from hole to hole to keep score.
- F. **Finally, you can request a Live Scrolling LEADERBOARD displayed on a BIG SCREEN TV at the Awards Luncheon after the completion of the Golf Portion of your Event!**
